Dear Mr. [Surname]/ Dear Ms. [Surname]/ Dear [Name Surname],

It's that time again: approximately every ten years, we conduct the “**Österreich unterwegs**” (“**Austria on the move**”) survey in collaboration with ASFINAG and ÖBB-Infrastruktur AG. Knowing the mobility behaviour of the population is an essential prerequisite for planning mobility services in the interest of citizens. For this reason, we have once again commissioned the infas Institut für angewandte Sozialwissenschaft, an independent social research institute, and its experienced partners in the mobility sector to carry out the “Österreich unterwegs” survey.

Your household was picked **from the Central Register of Residents (ZMR) by means of a random selection process**. This is why we are asking you and - if possible - all other members of your household aged 6 and over to participate in the survey. It does not matter whether you travel a lot or rarely leave the house. The interview team on site will be supported by Triconsult (based in Vienna) and Spectra (based in Linz). In the next few days, **you will be contacted by telephone or in person** to arrange an appointment for the survey.

You would like to know more? The website will provide you with further information about the survey and data privacy. You are also welcome to let us know in advance how the interview team can contact you with a translation of the questionnaire; to do so, **please e-mail [kontakt@oesterreich-unterwegs.com](mailto:kontakt@oesterreich-unterwegs.com), use the contact form on our website or send the enclosed postage-paid postcard**.

Of course, participation in the survey is voluntary. However, we are counting on you and would like to thank you in advance for your support!

Yours sincerely,

**Peter Hanke, Federal Minister**
